Negative-findings control — as at 10-10-2026: Statements in this register that an authority holds no information, an attachment was not located, or a record remains outstanding must be attributed to the relevant authority/search or

to the documented mailbox/file review, with the applicable response or review date. “Not held”, “not found in the material reviewed”, and “not yet obtained” are not interchangeable and do not establish that a record never existed. This date marks the Wiki’s assessment, not the historical event. Reassess and date the entry when new evidence is reviewed; preserve verbatim source wording.

Attachment status: *Published* means the original attachment is linked and mirrored with a SHA-256 manifest. *No substantive attachment* means only signatures, logos or previously supplied images were present. *Not yet retrieved* means the attachment is identified but has not been extracted or obtained. Where an original is not published, that limitation is stated.

Attachment check, 5 October 2026. The replies included in that check were opened and their attachments extracted; corrections are marked (*corrected 5 Oct*). Subject-access (SAR) letters are not published because they concern personal data. Three large emails remain listed at [Not yet retrieved](#). **Retrospective addition:** R52 was catalogued on 10 October from the details supplied for an 11 June 2026 Glamorgan Archives email; the original message and attachments have not been uploaded here as part of this update, so R52 is not represented as a newly re-verified original.

2.1 Welsh Government / Cadw — replies received 19 October 2026 (R56–R57)

Catalogue	Date received	From / reference	What the reply says	Attachments
GHF-E106-R56	19 Oct 2026	Welsh Government, Operational Effectiveness Group (sent by its Business Management Unit for the Departmental Records Officer). ATISN 26-0010 (retention and destruction schedules).	Points to the published Welsh Government retention and disposal schedules; before 1997 the Welsh Office and other agencies had their own. States that searches for files mentioning the farm name, Western Ground Rents Ltd and BP Properties Ltd found no files, and that “any routine records would have been destroyed in line with the corporate retention schedule applied at the time”, or that disposal may have been carried out by a predecessor body. Historical material would have been selected under TNA’s OSP 7 (Welsh Office 1979–1997); property, deeds and lease records are “not classed as ‘public records’” and are kept until the property is sold or the lease ends. Internal review within 40 working days (by 14 Dec 2026, computed). The negative result is the Welsh Government’s own search, dated 19 Oct 2026; it does not establish that records never existed. Email: Cadw / Welsh Government correspondence M71 .	Published — ATISN 26-0010 – Disclosure.pdf (GHF-E106-R56-A1; evidence page EV-0244). Public copy: the requester’s email address is redacted.

GHF-E106-R57	19 Oct 2026	Cadw, Welsh Government (Head of Historic Environment Inspectorate). ATISN 27589, their ref qA2496208; follows the acknowledgement at R04.	Refuses the request under FOIA section 14(2) as a repeated request: it is “substantially similar” to ATISN 27021, which was answered and internally reviewed, and “no new information has been generated or become available since our previous response.” Links the published ATISN 27021 release and review. Names the Information Commissioner; does not mention an internal review. Email: Cadw / Welsh Government correspondence M72.	Published — ATISN 27589 – 2026-10-19 – Response.pdf (GHF-E106-R57-A1; evidence page EV-0245). Public copy: the requester’s email address is redacted.

2.2 NPCC — correspondence logged 9 October 2026 (R49–R51)

These three primary-source items are separate records. Dates below are the letters’ dates; email receipt timestamps have not been independently verified from full message headers. The individual evidence pages link to the uploaded originals and record their SHA-256 digests.

Catalogue	Letter date	From / reference	Recorded content and limitation	Evidence
GHF-E106-R49	16 Sep 2026	National Police Chiefs’ Council (NPCC), FOI 3156 /2026	States that searches of accessible NPCC functions, shared drives, Counter Terrorism Coordination Committee holdings and ACPO archive listings found no information within scope; says no custody, transfer, retention or disposal information is held. This is a statement about NPCC holdings, not proof that no relevant record ever existed elsewhere. ?	Evidence page and original PDF (GHF-E106-R49-A1)
GHF-E106-R50	29 Sep 2026	NPCC, internal reviews 3157/2026 and 3176/2026	Upholds the decision on the 2 September correspondence and separately upholds the substantive 3156 response. The two review issues are distinct and should not be merged.	Evidence page and original PDF (GHF-E106-R50-A1)

GHF-E106-R51	9 Oct 2026	NPCC, FOI 3065 /2026 — search disclosure	Lists two search terms, five repositories /source descriptions, and four consulted functions; says Q4–Q6 information is not held, supplies the policing-lead retrieval email as goodwill, and says search results were captured by email in earlier disclosures. The relationship between these statements remains a clarification point. ?	Evidence page and original PDF (GHF-E106-R51-A1)

GHF-E106-R33	5 Oct 2026	Amgueddfa Cymru – Museum Wales, FOI Team. FOI 2026-036 (request of 8 September 2026; acknowledged at R19).	Further enquiries with Archaeology, Industry and Social History Collections identified two additional records that the Museum reports under “Great House Farm / Tŷ Mawr / Llandough Farm”: Ref 13.2 , a waterwheel collected from <i>Llandough Farm</i> on 1 April 1979, donated in connection with site development, never formally accessioned and subsequently deaccessioned; and MS 3360/3 , a 1924 photostat copy of <i>Llandough Estate</i> sale particulars containing a page headed Great House Farm. Neither is yet shown to be this farm: Llandough Farm is a separate farmstead, and the 1924 particulars may concern the Great House Farm at Llandough near Cowbridge (location check). For Church Farm, the material already retrieved for FOI 2026-024 includes archaeological accession 63.24 , details attached. No 1875–1915 predecessor-register, accession, day-book, donations-book or correspondence record relating to the specified Great House / Llandough Farm ironwork or finds was identified, and no additional Llandough ironwork associated with the farmhouse floor, rear wing or dairy was identified. Full record: GHF-E106-R33	Published — each with its own evidence page: GHF-E106-R33-A1 (63-24 letter.pdf, letter of 22 November 1931); GHF-E106-R33-A2 (63.24.1.pdf, record 63.24/1, rowel spur); GHF-E106-R33-A3 (63.24.2.pdf, record 63.24/2, spearhead). Two signature images not published.

Also on 5 October: an automated WhatDoTheyKnow reminder to update the status of the request “BP vs Buckler 1987” to the National Counter Terrorism Security Office. It is a prompt from the WhatDoTheyKnow service, not a reply from the authority, so it has no catalogue number.

2.4 Replies received 28 September – 2 October 2026

Catalogue	Date received	From / reference	What the reply says	Attachments
GHF-E106-R01	29 Sep 2026	Royal Commission (RCAHMW), National Monuments Record enquiries. RC26-0375 (covering RC26-0353, -0368, -0371). Reply in Welsh.	Answers the requests of 8, 15, 17 and 20 September together. No letters or records about the site are held in its registered files, which it says are the only campaign records it keeps long term; nothing has emerged since the earlier replies of 28 May and 10 and 11 June. What it holds is the archive on Coflein for NPRN 20182. Aerial-photograph searches would be chargeable. The late-19th-century armour find is not mentioned in the unpublished Suggett report (archive 6048945); two other records do mention it (6048942 and the Daily Telegraph piece of 16 April 1974, 6048944). A survey officer visited the site briefly after the December 1988 demolition; the reason is not recorded. Archive records 6364275 and 6364276 relate to other sites (Tŷ Mawr, Tresimwn, and 33 Whitecross Street, Monmouth), not Llandough. NA/GL/88/49 is the accession entry for 6048945; the only item received under NA/GL/89/208 was 6048941, which is reproduced in the GGAT 1990 assessment (6524751). Further queries will be handled as public enquiries and may be charged. See also Archaeology and Heritage.	Published — GHF-E106-R01-A1 — RC26-0375 order form (Welsh) (LES08 Ffurflen Archebu 2023.docx; mirror); GHF-E106-R01-A2 — RC26-0375 price list 2026 (Welsh) (LES16 Rhestr Brisiau 2026.pdf; mirror). GHF-E106-R02	2 Oct 2026	HM Courts and Tribunals Service, National Support Unit. Subject-access internal review 260904007 .	Sends the extension letter for the family's request. The family replied the same day clarifying scope: the earlier reference to the 133 houses and that parcel is withdrawn from the scope of the request. Outcome awaited.	Extension letter (260904007 - SAR IR extension letter.pdf) held by the family; not published (subject-access correspondence).
GHF-E106-R03	29 Sep 2026	Wales Office FOI (replying from the NIO FOI mailbox). Internal review IR/26/16 of 26FOI 103 .	Acknowledges the internal review requested on 28 September. The review will be done by an independent official not involved in the original handling, and the department aims to report no later than 26 October 2026. Original response of 22 September and acknowledgement of 8 September are described in the Records Access Chronology . ?	No substantive attachment. The 22 September response letter is at R16 .
GHF-E106-R04	1 Oct 2026	Welsh Government (Cadw). ATISN 27589 , following 26FOI 103 .	Acknowledges the request received 29 September for any consideration, between 1 July and 31 December 1988, of listing Great House Farm. Response due 26 October 2026. The family replied on 1 October setting out the two historical dates for the avoidance of doubt. Not to be merged with ATISN 27021 .	No substantive attachment.
GHF-E106-R05	1 Oct 2026	The National Archives FOI Centre. CAS-347296-M0V4Y1 . Also a WhatDoTheyKnow notice of 1 October that the response was late.	Replies to the family's clarification of 30 September, confirming that the scope clarification was given on 2 September 2026. The public WhatDoTheyKnow thread is titled for Great House Farm, BP v Buckler 1987.	Re-sends the three CSV files first supplied on 23 September (identical; published at R15). (<i>corrected 5 Oct</i>)

GHF-E106-R06	30 Sep 2026	Vale of Glamorgan Council FOI unit. 00211557 (FOI/EIR).	Acknowledges the family's request about Great House Farm and Church View Close. Reply due about 26 October 2026.	No substantive attachment.
GHF-E106-R07	29 and 30 Sep 2026	Heneb (Trust for Welsh Archaeology). No outcome.	No substantive attachment (logo only).
GHF-E106-R08	29 Sep 2026	Independent Complaints Reviewer. ICR/090/26 (HM Land Registry).	Acknowledges the family's further emails, including those of 28 September. Investigation awaited.	No substantive attachment.
GHF-E106-R09	29 Sep and 2 Oct 2026	HM Land Registry customer support. GHF-E106-R10	30 Sep 2026	Welsh Government, ministerial correspondence unit. TO/HF/05677/26 .	Bilingual receipt for the family's notice under sections 194–195 of the Historic Environment (Wales) Act 2023 about the HER classification of the site.	No substantive attachment.
GHF-E106-R11	29 Sep 2026	Crown Prosecution Service, Victim Liaison Unit Cymru-Wales.	Unable to locate a case file from the details given; explains that its references are unique reference numbers. The family sent further material on 30 September.	No substantive attachment (logo only).
GHF-E106-R12	29 Sep 2026	South Wales Police, subject access team.	Asks for identification before processing the subject access request. The family supplied it the same day. Contents of the family's identification are not published.	Not published (personal data).
GHF-E106-R13	29 Sep 2026	Dŵr Cymru Welsh Water. Mail reference 93047764/01 .	Reply to the family's further email of 17 September.	No substantive attachment.

GHF-E106-R14	29 Jul, 30 Jul and 30 Sep 2026	National Library of Wales enquiries. 2.5 Not yet retrieved

Unretrieved attachments: Three attachments remain unextracted. The covering emails identify their filenames and describe their contents; the original files are outstanding. Any summary beneath a placeholder is inference, not source text.

2.5.1 Amgueddfa Cymru, FOI 2026-032 — email of 22 September 2026, 11:42 (28.5 MB)

Thirteen attachments. Two are not catalogued here: the family's own timeline document, returned in the pack (FOI 2026-032 - Timeline Doc by Sion Bucklet.pdf), and the Museum's email images. Entry: [R17](#).

Catalogue: GHF-E106-R17-A1

FOI 2026-032 - 1924.jpeg — page of MS 3360/3, 1924 sale particulars of “Nine Well-Known Farms in the Vale of Glamorgan forming part of the Llandough Estate”, headed Great House Farm

Placeholder: original not yet retrieved (email too large for the mail connector)

Inferred — not evidenceMost likely the lot for the Great House Farm at **Llandough-juxta-Cowbridge**. It **cannot** describe the Penarth farm as one holding sold by one owner: in 1924 Parcel A (house and about 10 acres) was the Thomas family's and Parcel B (about 9 acres) was the Bute Estate's until 1938, and neither was a “Llandough Estate”. If it is the Penarth farm after all, it must name Thomas or Bute as vendor and a Williams tenant, give roughly 10, 9 or 19 acres, and use the Llandough-juxta-Penarth tithe/OS parcel numbers (1841 tithe: 211 for the Parcel A woodland, 193 for Parcel B) — and it would then be the obvious candidate for what the **15 May 1924 agreement** on the WA231076 file records. Test when retrieved: parish, vendor, tenant, acreage, parcel numbers, and whether the plan shows St Dochdwy's Church and Leckwith Road.

Catalogue: GHF-E106-R17-A2

FOI - 2026-032 - explanatory doc.docx — the Museum's descriptor for each record

Placeholder: original not yet retrieved (email too large for the mail connector)

Inferred — not evidenceThe covering email says the Museum added “a brief descriptor for each record, together with any available reference or catalogue information”; this file is almost certainly that list. It **cannot** contain the basis for treating the records as “unrelated” (item 7): the same email disclaims any association rather than explaining one, and item 7 was still unanswered on 28 September. Expect: one line per attachment with accession or MS number and a short description — including the reference for the 1924 page, which may say which Llandough it was catalogued under.

Catalogue: GHF-E106-R17-A3

Llandough 82.44H list.xls and Llandough 82-44H details.xlsx — accession 82.44H

Placeholder: original not yet retrieved (email too large for the mail connector)

Inferred — not evidence82.44H is the archive of the 1978–79 excavation of the Roman villa (Register Update A-053), on the **Llandough Farm** site south of the church (HER PRN 00768s), not Great House Farm. Expect an object-by-object finds list with context numbers. It **cannot** place a find at Great House Farm unless an entry gives a findspot north of the church; it is also the most likely home of the waterwheel story (Ref 13.2) rather than the farmhouse.

Catalogue: GHF-E106-R17-A4

Llandough 95-56H list.xls and Llandough 95-56H details.xlsx — accession 95.56H

Placeholder: original not yet retrieved (email too large for the mail connector)

Inferred — not evidence95.56H is the archive of the 1994 early-medieval cemetery excavation north of the church, on the redevelopment of the farm's eastern land (Register Update A-045, A-053). Expect skeleton and context lists; totals should match the 858 (1994) and 1,026 (2005) burials already recorded (A-067). It **cannot** bear on the c.1858 Church Farm find (63.24) or the c.1880 "armour" story, and it says nothing about ownership of either parcel.

Catalogue: GHF-E106-R17-A5

FOI 2026-032 - burial data.pdf, FOI 2026-032 - Llandough excavation.pdf and FOI 2026-032 - Roman Villa Llandough.pdf

Placeholder: original not yet retrieved (email too large for the mail connector)

Inferred — not evidenceVery probably the published or grey-literature reports for the two accessions above: the 1994 cemetery data and excavation report (95.56H) and the villa report (82.44H; Owen-John 1988 is the published account). They describe the excavated areas only and **cannot** speak to the farmhouse floor, rear wing or dairy unless they record excavation of the house footprint itself.

Catalogue: GHF-E106-R17-A6

FOI 2026-032 - PAS finds.pdf

Placeholder: original not yet retrieved (email too large for the mail connector)

Inferred — not evidencePortable Antiquities Scheme records. This is the item the family identified on 27 September as including PAS 2022.18.1 at NGR SS9934672805 — a grid square near Llandow and Llandough-juxta-**Cowbridge**, about 20 km west — i.e. the "different Great House Farm" noted at R17. It may be the same file the Wiki already holds as "Background - Portable Antiquities Scheme finds records 2022-23"; confirm by checksum. It **cannot** be evidence about the Penarth farm unless a record carries an ST 16/17 grid reference.

Catalogue: GHF-E106-R17-A7

FOI 2026-032 - Filling the gaps.pdf

Placeholder: original not yet retrieved (email too large for the mail connector)

Inferred — not evidenceAlmost certainly Davis, *Filling the Gaps: the Iron Age in Cardiff and the Vale of Glamorgan*, which the Wiki already holds as background reading. A published synthesis: **not** a Museum record about the farm.

2.5.2 Vale of Glamorgan Council, FOI 00211027 — email of 14 September 2026, 16:07 (27 MB)

Two attachments. Entry: [R23](#).

Conveyance dated 11 June 1965.pdf — conveyance and plan of the land for Llandough Primary School, between (1) Lakeside and Llandough Development Company Limited, (2) Western Ground Rents Limited and (3) Glamorgan County Council; consideration £16,800 (facts from the covering email)

Placeholder: original not yet retrieved (email too large for the mail connector)

Inferred — not evidenceWGR is a party, so in 1965 it held, or had to release, an estate in the school land; the development company was most likely the contracting vendor. A conveyance of this kind normally recites the vendor's title, so it should recite WGR's root — on the Wiki's reading the 1938 Bute conveyance, which carried Parcel B only. That makes this the earliest WGR title recital the family can get before the missing 1969 deed to BP Pension Trust. It **cannot** give WGR title to Parcel A: in 1965 the farmhouse and garden were occupied by Mary (Nancy) Williams, who refused WGR's tenancy offer that year. Whether the school site was ever part of Great House Farm is itself unknown. Test: the plan against the 1939 tenancy plan and the 1841 tithe parcels; the recitals (dates, parties, acreages); and whether any part of the ~10 acres of Parcel A is included.

Catalogue: GHF-E106-R23-A2

1965 Contract.pdf — the contract for the same sale

Placeholder: original not yet retrieved (email too large for the mail connector)

Inferred — not evidenceExpected to show who contracted to sell (the development company, WGR or both), the special conditions, and any title the purchaser was required to accept. It **cannot** add title beyond what the conveyance recites, but may show whether WGR sold as owner or merely concurred, and whether earlier title deeds were produced to the County Council.

1990-08-xx - Great House Farmhouse, Llandough - GGAT Assessment.pdf

Placeholder: original not yet retrieved (email too large for the mail connector)

Inferred — not evidenceThe GGAT assessment of August 1990, sent by Cadw as “the attached Welsh Archaeological Trust report”. Very probably the same report already in the evidence mirror (1990-08-00 - Great House Farmhouse Llandough GGAT Assessment) and relied on throughout the Wiki; the email’s 11.6 MB size fits a scanned report. Confirm by checksum.

Placeholder: original not yet retrieved (email too large for the mail connector)

Inferred — not evidenceAlmost certainly the same two survey photographs Cadw sent again on 11 June with “Doc 1.” and “Doc 2.” added to the same filenames, now published at R37 (A2, A3). The covering email says “We hold no other electronic records”, so these attachments **cannot** include any other 1988 listing-file material.

2.9 Retrospectively catalogued correspondence — R52 (11 June 2026)

This older Glamorgan Archives email has been assigned the next catalogue number on 10 October 2026; catalogue sequence follows entry order, not message date. The reported contents are itemised on [GHF-E106-R52 — Glamorgan Archives email, 11 June 2026](#). The disclosure concerns: (1) DXJF/64/30, a village-layout sketch attributed to Nancy Buckler of Great House Farm, Llandough [juxta-Penarth], c. 1945–1955; (2) DSA/6/1158, 1938 sale particulars reportedly naming D.J. Jenkins and a £5,500 sale to L.D. Thomas, whose property identity remains unconfirmed; (3) D696, the Western Ground Rents collection, c. 1938–1944, with a suggested “Western Ground Rents” + “Thomas” cross-search; and (4) the reported absence of Great House Farm plans listed/deposited in the Glamorgan Archives holdings searched. The last point is an archival gap, not proof that plans never existed. Original email/attachments still need to be added or checked.

Still to be itemised: Cadw ATISN 27021 review letters (2 and 10 July), Heneb's May reply, the Vale 00210772 response (7 July) and the Senedd committee acknowledgement of 28 September. They are described in the [Records Access Chronology](#).

2.12 MOD FOI2026/09190 — entry added 10-10-2026

Evidence: [GHF-E169](#) — MOD internal review dated 10 October 2026.

The MOD states that its searches across MOD archives and targeted searches in the Army Secretariat and Counterterrorism and United Kingdom branches did not locate information matching the request. Separately, it neither confirms nor denies whether it holds Special Forces-related information under FOIA 2000, section 23(5). The review acknowledges delay and concludes that timeliness requirements were not met, without clearly identifying in its concluding paragraph which stage caused that finding. It says personal-information elements were referred for a separate subject access process.

Interpretive control: this is a dated record of the MOD's statement, not proof that relevant historical records never existed or that military personnel were or were not involved. Keep FOI2026/09190 distinct from FOI2026/09019 unless the MOD confirms a relationship. Do not mark the subject access strand complete until its reference and substantive outcome are recorded.
