2.1 How to Connect ChatGPT to Great House Farm Wiki

This page explains how contributors can... .. [read more](#)

This page explains how contributors can connect a free ChatGPT account directly to greathousefarmwiki.wordpress.com for Wiki collaboration.

2.1.1 Step 1: Accept the WordPress Invitation

1. Check the contributor's email for an invitation to join greathousefarmwiki.wordpress.com.
2. The contributor should open the link in the email to accept the invitation and create or sign in to the associated WordPress account.

Step 2: Obtain ChatGPT

1. The **ChatGPT** app can be installed on an iOS/Android phone, or **chatgpt.com** can be accessed through a computer browser.
2. A free OpenAI account is required for access.

Step 3: Connect ChatGPT to the Wiki

- **Method 1 (Custom GPT Link):** The contributor should open the team's Custom GPT link [INSERT_CUSTOM_GPT_LINK_HERE]. When an action is run, ChatGPT will prompt the contributor to log into greathousefarmwiki.wordpress.com to authorize access.
 - **Method 2 (Application Password):**
 1. The contributor should log into greathousefarmwiki.wordpress.com.
 2. The contributor should go to **Users > Profile** and scroll down to **Application Passwords**.
 3. The contributor should enter ChatGPT as the name and select **Add New Application Password**.
 4. The generated key can then be entered in the ChatGPT action settings.
-

Collaboration Rules & Tips

- **Avoid Simultaneous Editing:** Contributors should work on separate drafts or distinct sections. WordPress saves the last received input, so working on the exact same draft at the same time could overwrite changes.
- **Author Tracking:** All contributions generated via the ChatGPT connection will be tagged automatically with the contributor's WordPress username.
- **Free Tier Limits:** WordPress supports unlimited API requests, but free ChatGPT accounts remain subject to standard peak-hour usage caps.

2.1.2 Page version & change log

Current version: 0.1.1

Version	Date (UTC)	Editor (human or agent name)	Change	Source / evidence
0.1.1	2026-10-18T15:17Z	Sion's Tab agent	Footer standardised; earlier log rows carried into this table; no content change	Editing Protocol, 18 Oct 2026
0.1.0	2026-10-18T14:27:00+01:00	OpenAI-assisted maintenance agent (GPT-6)	Installed footer log; version tracking begins at 0.1.0; this does not reconstruct earlier revisions. CURRENT VERSION: 0.1.0.	Saved through WordPress API; public rendering not individually checked.

Agents and editors: follow the [Editing Protocol](#).
